

NACCHO LEVEL 4 OFFICE FITOUT

OVERVIEW

Projex were engaged by SQC Group on behalf of the National Aboriginal Controlled Community Health Organisation to complete a fit-out, located on level 4, 2 Constitution Ave, Canberra to accommodate their expanding staff. The fit-out included construction of the intertenancy wall, breakout area, utility area, storeroom, 4 individual offices, 2 meeting rooms, 4 open impromptu meeting areas spread across 445 sqm.

KEY CHALLENGES

Mechanical System

Despite initial challenges, the project team successfully facilitated a redesign of the mechanical system. The collaboration between the mechanical contractor, engineers, architects, and the client resulted in a timely resolution within two weeks.

Scope Changes

Projex managed ongoing client requests during the construction phase. Our flexibility and accommodation allowed for seamless adjustments without compromising project progress.

Supply Chain

The Projex team swiftly addressed challenges related to discontinued products and material delays. Our quick action and coordination ensured minimal disruption to the project timeline.
